I'm stuck in meetings until 12 noon but then I am available.

Did you see that LDF sent the Kozaks a rather large package of information along with a November 15th letter?

Do you have time to talk tomorrow morning or early afternoon? I can develop a list by then and we can discuss. I don't think we will be asking for a large amount. There's too much uncertainty with LDF and I asked for too much last year compared to what we have spent.

We should discuss the value of spending more time with RP sites and trying to get those through closure. Something to consider at least.

Bob,

When do you think you will have some idea of what we should request for this year's tribal LUST spending amounts? I think Carolyn wanted our request two days before the call (12/1/16). That would be tomorrow, 11/29. Can you do that? Would it help to look at what we requested for FY16. See second pdf attachment below.
